**BENNY’S TECHIES DESCRIPTIONS**

**Grades K-2 as of Fall 2020**

**MORNING CAMPS**

**LIFE: EARTH TO SCIENCE CAMP**

**SESSION 2-AM**

**Incredible Inventors**
Work your creative muscles and imagine as many inventions as you can! Together, we will learn what it takes to be an engineer. Get ready to imagine, design, and create your own one-of-a-kind inventions.

**Think Local, Think Global**
Explore the roles in our community with art, team building games, and more. Then, expand your knowledge to outer space and blast off on an adventure discovering all about space, the solar system, and the latest Starlink missions!

**OUTDOOR CREATURES CAMP**

**SESSION 3-AM**

**Awesome Amphibians & Radical Reptiles**
Did you know that the largest amphibian can grow to be 6 feet long and weigh 140 pounds? Or that the giant tortoise can live to be over 200 years old? Get ready to crawl, slither, and swim through the world of amphibians and reptiles to become a KS herpetologist!

**Space Exploration**
Put on your astronaut helmet and prepare to explore the galaxy! Discover what it takes to be an astronaut and learn about out of this world space science.

**Dances from Around the World**
Turn your room into a ballroom! From the spicy South American Salsa to the speedy Swedish Hurry Scurry, together we will discover and learn a wide variety of fun international dances.

**OUT OF THIS WORLD SCIENCE & ART**

**SESSION 4-AM**

**Awesome Pokemon & Radial Reptiles**
Join us to dig up some fascinating facts about the giants that once roamed our Earth. Take virtual tours of the American Museum of Natural History’s world renowned dinosaur hall and build your own diorama!

**PokéKids**
Become the very best and gain Pokémon knowledge that would challenge Ash Ketchum! Discover facts in the world of 807 Pokémon, create your own team, and work with other campers to build your trainer knowledge.

**Builder's Workshop**
Can we build it? Yes we can! Join us to design, engineer and create using simple materials to build useful, magical or silly things from your imagination.

**STAGE TO SCREEN CAMP**

**SESSION 3-PM**

**Theater 5000!**
Do you love to shine on stage? Join us to develop improv, monologuing, and acting skills. We will work together to write plays and poetry, design costumes, and create at-home sets.

**Cartoon Creations**
Delve into the world of cartoons as you learn about famous cartoonists while developing your own cartoon writing and drawing techniques. Share your work in a KS cartoon showcase at the end of the session.

**Project Collaboration**
Learn skills to effectively work as a team to increase productivity, relationships, team building, and teen connection.

**Feathered Friends**
How do birds build nests? How do they know when to migrate? How can you train a parrot to speak? Learn these answers and more as we explore the amazing world of birds.

**Builder's Workshop**
Can we build it? Yes we can! Join us to design, engineer and create using simple materials to build useful, magical or silly things from your imagination.

**WIZARD CAMP**

**SESSION 5-AM**

**Wondrous Wizardry**
Grab onto a Portkey and get whisked away into the world of wizards! Explore wizarding magic with science experiments, make your own magic wand and create your own wondrous wizarding world.

**THE WORLD AROUND US CAMP**

**SESSION 5-PM**

**Animal Lover's Pet Club**
Our animal friends come in all shapes and sizes! Maybe they bark, purr, chirp or glub. Join our KS pet club and together, we will learn how to care for animal friends at home, discover interesting facts, and create animal themed art!

**Mo Willems Art**
Do you love the book Pigeon, Piggy and Elephant or any of Mo Willems' wonderful stories? If yes, then this awesome class is for you! Join us for interactive storytelling, guided draws by Mo, and more Willems themed activities!

**EVERYTHING IS ART! CAMP**

**SESSION 2-PM**

**Coding in Action**
Get hooked on coding! Join us and learn the basic principles of coding with puzzles and games.

**Earth Art**
From bookmarks to mobiles to sculptures, join us to create beautiful art with natural objects that you can find in your own backyard. We will also learn the importance of appreciating nature and how we can work together to help keep our planet healthy.

**Vitality & Mindfulness**
Self affirmation, gratitude and self-confidence taken to the next level. This self-care class will have you prepared for anything that may come your way.

**OUT OF THIS WORLD SCIENCE & ART**
