**DUCK BUSTER CAMPS**

**SPORTS CAMPS**

**Becoming a Beaver Athlete**
Tour the OSU sports facilities, learn what it takes to be a college athlete, practice teamwork, and put new skills to the test by playing a variety of college sports. Session 1 - PM

**Warrior Training Camp**
Practice your ninja-like skills as you conquer obstacle courses and more in this fast-paced activity! You will also get to bowl during session 4! Session 2 - PM (No bowling) Session 4 - PM (+$35 fee)

**Global Sports Camp**
Let’s go global in the fast-paced world of sports. Learn about & develop your skills in sports played around the world including football, cricket, rugby, and team handball. Session 6 - AM

**FunLIFE**
Spend this session Learning to Improve Fitness and Eating by exercising and making healthy snacks to help fuel your body through these workouts. Session 6 - PM

**ART CAMPS**

**Ceramics and Wax Camp**
Learn to make soap, candles, and other artistic creations using wax melting techniques. Session 1 - AM +$60 fee

**Card Creation & Calligraphy**
Come along with us and create cards for a variety of holidays or just because! Work with a variety of materials, practice calligraphy and learn lettering to make your cards pop. Session 2 - AM

**Haberdashery & Ceramics**
Create cool crafts and practice the important skill of reducing, reusing, and recycling by utilizing objects you can find in your own home. Then, head over to the OSU Craft Center to make whatever you can think up! Session 3 - AM +$60 fee

**Fiber Art**
Learn about the materials we use to make clothes and accessories, then put your skills to the test by tie-dying, knitting, crocheting, sewing, and more! Session 3 - PM

**Art Through The Ages**
Rotate through two studios experiencing 2D and 3D art, craft techniques, and different mediums, as well as explore ceramic techniques including hand building and wheel sculpting; both functional and sculptural. Anyone 5th grade or older can participate. Session 4 - AM +$65 fee

**ADVENTURE CAMPS**

**Amazing Race Camp**
Join the group, catch the clues, and go on an adventure! Campers will use their ingenuity, practice team building and get creative to solve an amazing race all around campus. Session 1 - AM

**Wizard Camp**
Immerse yourself in the world of fantasy, spending time becoming an archer, creating Haberdashery Art, and competing in a Tournament of Wizards! Session 3 - AM

**Survival Camp**
Campers will have the amazing opportunity to scuba dive as well as develop a deeper connection with the natural world by learning skills that will help you find shelter, water, fire, and food. Session 3 - PM +$65 fee

**Tech On The Go Camp**
Discover how technology can help you get moving and explore the world. Campers will wear a pedometer to track their steps as they discover the geocaches around Corvallis, learn how to use a GPS, and will even get to play Pokemon Go. Your camper will work in teams, gain new skills, and learn how to combine technology with exercise. Session 5 - AM

**MULTI-MEDIA CAMPS**

**KidSpirit Productions: Music Video**
Lights, camera, action! Join KidSpirit Productions to draft, shoot, and edit your own music video. Learn skills like storyboarding, filming, and composition. Session 1 - PM

**CHEFS ACADEMY**

**Top Chef**
Move over Bobby Flay--these campers are learning to slice, dice, and sauté! In this class, you will become comfortable and gain confidence in the kitchen. They will learn to prepare nutritious recipes for snacks, sides, desserts, and meals putting you on a track for a healthy, hands-on cooking lifestyle. Session 1 - AM +$65 fee

**Global Cuisine: Northern Hemisphere**
Become a global chef as you explore the cuisine of the Northern Hemisphere from the familiar foods of North America, the tropical flavors of the Caribbean, the rich, earthy flavors of North Africa, the diverse dishes of Europe, and the sour, sweet, and spicy flavors of Asia as you travel from continent to continent while gaining knowledge about history, nutrition, cooking, and culture. Session 4 - AM +$65 fee

**Global Cuisine: Southern Hemisphere**
Travel through the Southern Hemisphere as you learn to prepare the exotic colorful and flavor packed foods of Southern Africa, explore the fusion of traditional and global flavors of popular Australian cuisine, and the riquisimo (delicious) flavors of South America. Your global chef will gain cooking skills while learning about new cultures, nutrition, and history. Session 6 - AM +$65 fee

**Science In The Kitchen**
As a young chef, you will get to explore the chemistry that goes on in the kitchen, while learning the basics of cooking and nutrition. Master the process of emulsification, make your own salt crystals, and so much more--then understand how that can be applied to cooking! Session 5 - AM +$65 fee

**CYCLING CAMPS**

**Bike and Hike**
Ride with us and discover the most sensational parts of Corvallis! Campers will learn the basics of bike maintenance and safety, then travel around Corvallis to unearth the best hiking trails Corvallis has to offer. Bike, helmet and lock required. Session 4 - AM

**Bike Corvallis**
Practice bike maintenance and explore the unique character of Corvallis on your bike. Learn safety and bike etiquette as you explore the beautiful city! Bike, helmet and lock required. Session 5 - PM
COURSE DESCRIPTIONS

ART

ARTventure is Out There
Take a trip around the world, while honing in on your artistic ability! Learn about art modes, techniques and cultures from various countries, while creating unique works of art.
1 - DM

Cardboard Art
Design and create whatever you can think up, using boxes and cardboard as the basis for your works of art.
6 - JB/DM

Design It!
Learn how professionals in their field design clothes, houses, cars, and more! Spend some time formulating a plan, then design and create whatever you can imagine.
5 - DM

FIfiantastic Art
"Under the Sea..." Use various art mediums to bring underwater plants, animals, and habitats to life.
6 - JB/DM

Fireworks Watercolor
Learn to paint with watercolors. Explore different color mixing techniques and media types to create patriotic works of art.
2 - DM

Jr. Designers
Learn the basics of designing clothes, houses, cars, and so much more! Spend some time planning, designing, and creating whatever you can think up.
5 - JB

Junk Drawer Art
Reduce, reuse, recycle, and come create cool crafts by utilizing objects you can find in your own home! Use your imagination to repurpose old items and create a new project of your own.
3 - JB/DM

Nature Art
No supplies? No problem! Get some fresh air and get active to find things outside, such as twigs, leaves, and flowers to create works of art.
1 - JB/DM

Star Spangled Art
From homemade cards to jewelry, we are here to help you create something that will get you in the spirit of celebration!
2 - JB/DM

Wizard Art
Campers will spend time designing their own wands and creating many more wizard-worthy works of art!
3 - DM

Critter Creations
Bring animals and insects that live around us to life using watercolor and sculpture. Campers will make the pages of their favorite fairytales come to life in the form of a play with adventure, mystery, and fun.
4 - JB/DM

SCIENCE

Firework Science
Celebrate America’s birthday by conducting dazzling U.S.A.-themed experiments that will help you learn about the scientific processes behind the colorful, booming fireworks shows.
2 - DM

Food Science
Who loves food? We do! Join us as we explore the reasons different foods taste so good! Learn about how different foods are created, how they are preserved, and how you can spice up your meal just by knowing the chemistry.
6 - JB/DM/DK

Gadgets & Gizmos of Plenty
The future is here. Learn all about new gadgets that are changing the way we live and work in the world around us.
6 - DM

Inventions Galore
We’re traveling to the future. Learn about inventions and create gadgets that could change the way we live!
4 - DM

Inventor’s Workshop
Learn about inventions, spark creativity, and look at cool, up-and-coming gadgets of the future while formulating a plan to create your own invention!
4 - JB

Marine Biology
Everything you could ever want to know about various sea life! Gain an appreciation for the incredible world of marine life as you become an expert on their habitat, ecosystem, community, communication, and more!
6 - DM

Mythbusters
Does cereal have real iron in it? How many balloons would it take to lift up a house (like in “Up”)? Answer real-life questions about the myths you have heard—and use your investigative skills to conduct experiments to decide if they can be busted or not!
5 - JB/DM

Potions
Join your fellow students as you mix various potions and create gooey matter, while learning the science behind all your activities.
3 - DM

Radical Reactions
Become a chemist by learning all about what makes substances change color or state of matter! Work hands-on with a variety of materials and equipment to learn all about chemical reactions.
3 - JB/DM

EDUCATION

Around the World in 10 Days
Discover a different world culture each day. From Iceland to China, Australia, Newfoundland, Germany, Brazil, and back to the states in just 10 days.
1 - DM

Birds & Bugs
Explore insects and birds, along with the important role they play in the food web. From feathered friends to those with exoskeletons, winged creatures are important to our ecosystem.
1 - JB
